The Philippine College of Physicians Northern Mindanao Chapter has 192 members to date: 86 fellows, 29 diplomates and 77 full members (affiliate). Members are distributed in the provinces of Misamis Oriental, Lanao del Norte, Bukidnon and Camiguin with the key cities of Cagayan de Oro, Iligan City, Malaybalay City and Valencia City where most of the secondary and tertiary hospitals are located.

There are 3 accredited internal medicine training institutions in the region. Northern Mindanao Medical Center, Maria Reyna- Xavier University Hospital and the most recent addition Capitol University Medical City (accredited Level 2).

Fiscal Year 2013-2014 started with the induction and turn-over ceremonies last June 27, 2013. Dr. Oscar Cabahug, PCP immediate past president, Dr Noel Pingol (Mindanao regent) and Dr. Borromeo (Misamis Oriental Medical Society President) graciously attended the ceremonies. 78 PCP-NM members attended the ceremonies.

July 2013, Philippine College of Chest Physicians (PCCP) Northern Mindanao Chapter was gearing up for their Mid-year convention, with most of the members of the organizing committee being members of PCP-Northern Mindanao Chapter as well. The convention was cancelled midway through because of a bombing incident that occurred near the area of the convention site, which resulted to death of 8 people, 1 delegate and 5 from the pharmaceutical industry, as well injuring a number of convention delegates. PCP-NM coordinated with PCCP-NM in
assisting the injured in the aftermath of the bombing. We also provided support to the families who were flown from Manila especially the family of PCP member Dr. Marciano Agustin, Jr. A memorial service during wake, was organized the PCP-NM for Dr Avila while waiting for his remains to be flown back to Manila.

PCP-NM was active in the various movements that were organized after the bombing. A memorial mass at the bombing site was held a week after the bombing, which was attended by doctors from other subspecialties as well as members from the other sectors (police, religious, students). Members of PCPNM also joined the walk for peace held August 2, 2013.

The bombing affected planned CME activities in Cagayan de Oro City. CME activities, especially those which required bigger venues scheduled for the last quarter of 2013 by the chapter and other sub-specialties were cancelled.

August 31, 2014, the annual PCP-NM Clinico Pathologic conference and General Assembly pushed through and was held in Grand Caprice. Residents from the 3 training institution participated. A case was given to the participants on the same day. Participants were given 5 hours to deliberate and prepare a presentation. The esteemed judges were: Manuel Ignatius Edmilao, MD, FPCP, FPCC, Jeremy Jones Robles, MD, FPCP, FPSEM, and Melanie Felicia Bascug, MD, FPCP, FPSG. A total of 46 members attended the event. Team Northern Mindanao Medical Center won the contest.
September, during the Medicine Week, PCP participated in the Lay lecture conducted in SM CDO, on the topic of Diabetes Mellitus. The lecture was given by Aveline Sue Anne Lim, MD, FPCP, DPSEM. The audience comprised of the mall shoppers. Screening for random blood sugar was also done.

Residents-in training examination was conducted last October 31, 2013 at the Capitol University Medical City. A total of 30 examiness took the exam, 18 residents in training and 12 full members.
November activities as well as the annual Christmas party were foregone with the chapter’s efforts focused on participating in the relief efforts of the Yolanda disaster. PCP-NM coordinated with the DOH region 10, Misamis Oriental Medical Society, Iligan Medical Society and the Northern Mindanao Medical Center in sending medical teams to Palpompon, Leyte to augment the staff of the Palompon District Hospital. A total of 4 self sustaining teams were sent from PCP NM from November 22 – December 16, each team having 8 day tour of duty. Funds were released for the travel/accommodation expenses of the teams, as well as the medicines and supplies the teams brought.

Team One:
1. Dr. Tricia Marie Obrero
2. Dr. Milagros Andutan
3. Dr. Donna Acenas

Team Two:
1. Dr. Miriam Timonera
2. Dr Ruby Beatrice Alcantara

Team 3:
1. Dr. Leah Floirendo
2. Dr. Eileen Aniceto
3. Dr. Richie Bacot

Team Four:
1. Dr Miguel Daitea
January and February were focused on the Hero Fun run preparations. Audience with Cagayan de Oro Mayor Hon. Oscar Moreno was done last February 10, 2014, during which the objectives of the Barangay Health Workers (BHW) Health Education were presented as well as the HERO advocacy. The BHW project has been approved, and monthly lectures with representatives from each barangay (87 barangays in Cagayan de Oro) will be scheduled with the City Health Office.

On February 20 – 21, PCP-NM hosted the PCP Advocacy workshop held at Mallberry Hotel, attended by representatives from Bohol, Cebu, Southern Mindanao and CARAGA chapters. This coincided with the PCP-NM HERO night fun run on February 22, 2014, held in Lumbia, Cagayan De Oro. There were 4 categories: 1Km (walk), 3 km, 5km and 10 km. There were a total of 823 registrants. Dr.
PCP-NM also responded to the different crisis/calamities which affected other chapters. This included sending monetary assistance coursed through the affected chapters, including Western Mindanao Chapter (Zamboanga Crisis) and Bohol Chapter (Bohol earthquake).

The planned post graduate course for November was postponed to 2014. To date, there are a total of 13 pharma-sponsored activities with approved CME units that were held in participation of PCP-NM.

TRICIA MARIE P. OBRERO, MD, FPCP, FPSEM
President 2013 - 2014
PCP Northern Mindanao Chapter
